KURT SCHWABE PRIZE – CALL FOR NOMINATIONS

Dear Madam, Dear Sir,

On the initiative of the Hungarian Corrosion Society, "HUNKOR", the Kurt Schwabe Prize has been established in honour of the late Professor Kurt Schwabe.

The award will be presented by the EFC every three years to a young scientist, below 35 years old, in recognition of a scientific and technical contribution to the field of corrosion on the basis of publications in the literature.

We invite you to submit names of possible recipients by **February 25, 2021**. Each proposal should be accompanied by a list of publications and letters of support from at least three persons who are familiar with the work and contributions of the candidate.

In order to facilitate the work of the Jury Members, an electronic version of the **EFC-Awards Nomination Form**, which should be completed and returned for each proposal, can be download

from the Award page of the EFC website: <http://efcweb.org/Kurt+Schwabe+Prize.html>.

It would be appreciated if you could make use of the electronic form in order to facilitate the circulation of each proposal to the Jury Members.

All proposals available in Paris Office before **25 February 2021**, will be submitted to the Members of the Jury who will name the recipient on the occasion of the next spring BoA meeting.

.../.

I would be very grateful if you would give this matter your serious consideration and take the opportunity to propose candidates for this prestigious award. Please remember that it is not mandatory to nominate new candidates each time nominations are sought. If you would like to re-nominate a previous candidate, all which is necessary is to update the original nomination form.

Looking forward to receiving your proposals,

Sincerely Yours.

EUROPEAN FEDERATION OF CORROSION
General Secretariat - Paris office
Pascale BRIDOU BUFFET

Enclosure: Rules for the Kurt Schwabe Prize;
EFC-Awards Nomination Form.
